2.5.2 Mechanism to deal with internal/external examination related grievances is transparent, time- bound and efficient

Response:

The college has adopted the following mechanisms to deal with grievances pertaining to internal/external examinations.

At the college level

- The teachers of the respective courses distribute the evaluated answer scripts to the students to scrutinise their answer scripts. This ensures transparency of internal assessment process.
- If there is any grievance from student side, she/he can approach the teacher or Head of the department. Answer scripts of the student who lodged the grievance are reevaluated by the same or another teacher of the department and intimate the marks to the student within 4-6 days.
- The grievances if any are sorted out in the department level. The departments take care that the students do not lose internal marks.
- Still if there is any unresolved grievance, same is referred to the Principal through the Head of the Department.
- If any student fails to sit in the sessional exam with valid and authentic reasons and they have submitted application to the examination committee re-sessional examination is arranged for them with new question papers.
- Students performance review meeting along with parent's meets are organized in departmental level.
- Academic counselling is provided by the departments based on students' progression.
- There is a structured individual Feed-back System in each department.

At the University level

If the students grievances are related to end semester results, the authority takes the initiative by forwarding the students' application to the University for further action.
