

REPORT ON LECTURE/TALK ORGANIZED BY DEPARTMENT OF BOTANY, KCC

ON

“INTRODUCING SPICES, MEDICINAL PLANTS AND TREE SPECIES IN TEA PLANTATIONS FOR ADDITIONAL INCOME”

Department of Botany, Kamrup college, Chamata organized a talk / lecture on “Introducing spices, medicinal plants and tree species in tea plantations for additional income” on 2nd March,2024 in Digital Classroom, KCC. The talk focused on various types of plants that can be grown in the barren / unused land near tea gardens. The programme started at 10.30 am in Online mode with the welcome address by **Ms. Chayanika Rabha**, HOD, Department of Botany, KCC.

Ms Chayanika Rabha giving the welcome address

Opening remarks and introduction of the speaker was given by **Ms Chayanika Rabha**. She highlighted the various research works done by the speaker. Interested faculty members and students of BSc 4th semester and 2nd semester attended the lecture.

The speaker giving her talk/ lecture

Ms Sarbani Roy, Senior Technical Officer, Tea Research Institute, Jorhat, Assam was invited as the resource person / speaker for the lecture. She described the topic about how different spices and medicinal plants can be grown in unused land near the tea gardens, which can help in more income generation for the small tea growers. She shared her valuable insights and expertise.

A student interacting with the speaker

Several students interacted with the speaker and cleared their doubts regarding the topic.

Ms Sairy Das giving the vote of thanks

The programme wrapped up around 11.45 am. The vote of thanks was given by **Sairy Das**, Assistant Professor, Department of Botany, KCC. She thanked the speaker for her interesting and highly informative lecture and also expressed her gratitude to **Dr Debendra Kumar Bezbaruah, Principal, KCC** for giving the opportunity to organize the lecture.
