The organizers are thankful to the principal Dr. Debendra Kumar Bezbaruah and vice principal Dr. Kabita Choudhary for the initiative, the arrangements, the food and most importantly giving permission to organize such an event in a very short notice.

**Conclusion:**

The event was moderately successful. The participation was lower than expected. The organizers are sorry that they couldn't gather more donors. It was also felt that there is a prevailing fear among people against blood donation. The organizers think that an awareness programme for blood donation in future could improve the situation.
